INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 C.F.R. §1.97, Applicant hereby calls the Examiner's attention to documents listed on the attached form, which documents may be material to the examination of this application. In accordance with 37 CFR 1.98(a), only a copy of the cited non-US patent reference is submitted herewith. These references were cited in an EPO search report dated December 27, 2005 in a related application. The EPO search report is also being enclosed herewith.

No inference should be drawn that the attached list sets forth a comprehensive investigation of the prior art, that any or all are pertinent to the invention, or that any apparatus disclosed is equivalent to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

The EPO search report is dated December 27, 2005 and is within the last three months. It is believed that this is the first time these references became known to Applicants. Further, a first office action or notice of allowance has not issued in this application. Therefore, no fee is believed necessary for this IDS.

Please charge our Deposit Account No. 50/1039 for any fee due for this IDS.

Respectfully submitted,

Mark J. Murphy
